**TEMPLE BAR GALLERY + STUDIOS** presents two distinct spaces available for private hire for Corporate and PR events and launches, exhibitions, live events, photo shoots, film and TV sets and more ...

**THE ATRIUM** space connects the four floors of Temple Bar Gallery + Studios and streams in natural light from the glass roof top floor. The Atrium space is an industrial, modernist space with clean lines and features a unique oval vent between floors and has plenty of wall space too.

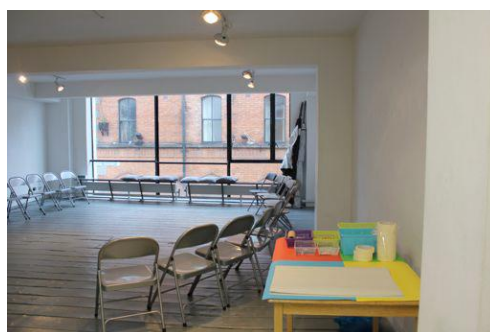

Some of our previous clients who have hired our Atrium and Studio 6 spaces are Fine Gael, Crash Ensemble, Griffith College, The National College of Art and Design, L’Oreal, Irish Distillers etc.. This space is ideal for events such as fashion shoots, programme, festival or book launches, photo calls or third level student exhibitions.

**STUDIO 6** is a large white studio space that has a wide entrance for wheelchair access. Its clean minimal style evokes a contemporary art gallery with natural light coming in through the large feature window and a separate work area with sink and storage facilities. This space is used most successfully for seminars, meetings, conferences, talks & lectures, social events, theatrical events and rehearsals, exhibitions and screenings.

**Temple Bar Gallery & Studio is a registered charity. Revenue from space-hire will directly fund our programme of activities and the running costs of the organisation.**

## TBG+S BACKGROUND

Temple Bar Gallery + Studios (TBG+S) is a unique artists-studios’ organisation and gallery in Dublin city centre. We focus on contemporary art and have a national importance in developing the visual arts in Ireland. Through our 30 artists’ studios and our gallery programme, we facilitate and support professional artists to make new art work. We also offer a full programme of talks, events and education activities around our artists’ studios and gallery that engages our visitors and communities with artists and art-making.
